

I N T E R N E T

The **only**
Internet Based Advanced
Ship Notice (856) and
UCC-128 Label Solution
that Works for you...

1-905-812-3888

Easy to Use

The intuitive design of the new C3000i from COMMERCEWorks Inc makes Pick and Pack processing even faster and easier. C3000i provides Suppliers an Internet based software that addresses the demand for compliant B2B E- Commerce.

Internet at the Click of a Mouse

Retrieving Purchase Order (850) documents has never been so easy. With the click of your mouse, C3000i travels the Internet to bring your 850 and related documents directly to you. C3000i employs current data security measures to give you peace of mind.

Supply Chain Management

C3000i is a turnkey Internet solution that enables the Supplier to create the Advance Shipping Notice (856), and locally print the UCC128 shipping labels on a Zebra barcode printer. C3000i also facilitates the printing of associated reports.

Snap-in B2B Partner Exchange

C3000i utilizes the Snap-in B2B Partner Exchange to quickly implement new Trading Partners. Each Snap-in B2B Partner is compliant with current partner releases.

Benefits:

- Substantially Decrease the cost of moving business documents between Trading Partners
- Quick Return on Investment
- In-house ASN control and UCC 128 label printing.
- Eliminates maintenance required to monitor and maintain Trading Partner documents.

ASN Features

- Fast, low-cost and secure.
- Creates the ASN and UCC128 label.
- Prints various reports.
- Built-in redundancy to safeguard from data loss.
- Auto Pack/Split line and filtering to enable quicker building of your ASN.

COMMERCEWorks is an Enhanced Service Bureau provider, delivering web based ASN Document Exchange Services.

COMMERCEWorks distinguishes itself by focusing only on the ASN and compliance label solution. We are proud of the reputation we have built in the industry.
